No. 19308—LEGIS. 129, DATED BANGALORE, 17TH JUNE 1902.

ORDER THEREON.—Ordered that the draft Regulation to make better provision for the constitution of Local Boards in Mysore, which received the assent of Her Highness the Maharani-Regent on the 15th day of June 1902, be promulgated.

H. V. NANJUNDAYYA,

READ THE FOLLOWING PAPERS :—

(1) Memorandum of the Chief Engineer and Secretary to the Government of Mysore, Public Works Department, dated 18th April 1902, regarding the safeguarding of the Kaveri Electric Power Transmission Line from mischief by villagers and their children.

(2) The Draft of a Regulation for the prevention of wrongful damage to the Kaveri Electric Power Transmission Line, and the following Statement of Objects and Reasons :—

"Several instances have been reported of wilful damage done by villagers to the insulators of the Kaveri Electric Power Transmission Line. Apart from the liability to fatal accidents, such interference would also lead to throwing the Transmission Line out of operation and the causing of endless inconvenience to the Mining Companies and the Kaveri Power Scheme Staff, besides loss of revenue to Government. In order to prevent such consequences, the Chief Engineer of Mysore has proposed that a special police constable should, in future, be stationed for three months in the village situated nearest to a broken insulator at the expense of the villagers. Power to employ additional police in such places is accordingly proposed to be taken by means of the accompanying Draft Regulation, which is adapted from section 33 of the Indian Telegraph Act, XIII of 1885."

No. 19049-53—LEGIS. 121-5, DATED BANGALORE, 9TH JUNE 1902.

ORDER THEREON.—Ordered that the Draft Regulation for the prevention of wrongful damage to the Kaveri Electric Power Transmission Line, which received the assent of Her Highness the Maharani-Regent on the 5th day of June 1902, be promulgated.

READ—

Letter No. 710, dated 22nd February 1902, from the President, District Fund Board, Chitaldrug, submitting the District Fund Budget estimates of the circle for 1902-03.

No. 19840-52 —L. F. 10-1902, DATED BANGALORE, 30TH JUNE 1902.

RECEIPTS.

ORDER THEREON.—The income under all heads for 1902-1903 is estimated at Rs. 43,360 against Rs. 41,722, the actuals of 1900-01, and Rs. 42,600, the sanctioned estimate for 1901-02.

2. *76 per cent of Local Cess.*—The President explains that the increase of Rs. 1,110 under this head is due to the local cess of one anna per rupee having been ordered to be levied on the amount of the sale of occupancies of lands applied for cultivation. The estimate is allowed subject to investigation of and orders on the question of cess on "Proceeds of occupancies sold," but the figures entered in column 7 of the enclosure A are apparently incorrect as instead of showing therein the details of the estimate of 76 per cent of cess, of which the total should correspond with the sum shown in the consolidated budget statement, the entire total of the cess collections has been shown. The necessary corrections will be made in this office.

3. ii. *Sale of Stray Cattle and—iii. Fines for Cattle Trespass.*—The increased * estimates under these heads are supported by the actual collections of the past two years and are allowed.

* As compared with the actuals of 1900-01.

4. *VI. Fees from Travellers' Bungalows.*—Owing to the conversion of the inspection lodges at Naikanhatti, Parasurampur and Jagalur into third class travellers' bungalows, increase of revenue is expected under this head. The estimate is passed.

5. *Opening Balance.*—The estimate will be altered from Rs. 13,672 to Rs. 11,493 with reference to the actual balance on 1st July 1901 and the sanctioned estimates for 1901-02.

		Rs.
1.	Actual balance on 1st July 1901	26,695
2.	Estimated receipts for 1901-02 as per re-revised budget.. ..	42,600
	Total including balance ..	69,295
3.	Estimated expenditure for 1901-02.	57,802
4.	Estimated closing balance on 30th June 1902	11,493

EXPENDITURE.

6. *A. Public Works.*—As under the standing orders no separate provision could be made under "V Reserve," the provision of Rs. 500 made thereunder will be transferred to the head "*ii.* Repairs" and the estimate under "establishments" raised from Rs. 3,357 to Rs. 3,445.

7. *B. Public Works.*—Detailed lists of works for which lump sum provisions have been made under "I. Original Works" and "II. Repairs" have not been submitted. The omission should now be supplied. The provision of Rs. 300 made under "X. Miscellaneous" for repairs to cattle pounds will be transferred to this head and that under "III. Establishment" will be raised from Rs. 500 to Rs. 555.

C. CIVIL CHARGES.

8. *I. Office Establishment.*—It is observed that the amount of the sanctioned estimate for 1901-02 is given in enclosure D. as Rs. 897 whereas in the consolidated budget statement the same is entered as Rs. 957. Such mistakes should be avoided in future.

9. *III. Hospitals and Dispensaries.*—In the present budget a sum of Rs. 450 is provided as against Rs. 138 sanctioned for 1901-02, on account of bedding and clothing to in-patients. This accounts for the increase under this head, which is passed.

10. *IV. Midwives.*—The provision under this head, which includes Rs. 125 on account of scholarship to a female student for being trained as a midwife, is sanctioned.

11. *V. Sweepers for 3rd class Travellers' Bungalows.*—The provision (Rs. 5) made for rewards to the servants of 3rd class travellers' bungalows for the best kept compounds in the district in accordance with Proceedings No. 11525-34—L. F. 40-1900, dated 11th January 1902, and the increased allotment made for furniture of 3rd class bungalows in the district account for the increase under this head, which is allowed to stand.

	1901-02 Rs.	1902-3. Rs.
1. Establishments..	552	444
2. Works ..	425	256
Total ..	977	700

12. *VI. Conservancy and Sanitary Charges.*—The variations proposed are noted in the margin.

Item 1.—The abolition of a separate establishment of sweepers for the village of Kelagote, which has been included within the Municipal limits of Chitaldrug, and for the villages of Rampura and Devasamudra which have been constituted into Municipalities accounts for the decrease under this head.

13. *X. Miscellaneous.*—The provision made for "Repairs to Cattle Pounds" will be transferred to "B. Public Works" and the estimate under this head reduced from Rs. 3,175 to Rs. 2,875.

14. The budget estimates of receipts and expenditure of the Chitaldrug Local Fund Circle for 1902-03 are sanctioned, as shown below, the usual particulars being appended.

READ—

Letter No. 860, dated 29th January 1902, from the President, District Fund Board, Bangalore, submitting the revised budget estimates of the District Funds of the Bangalore Local Fund Circle for 1901-02.

No. 19571-75—L. F. 1-1901, DATED BANGALORE, 24TH JUNE 1902.

ORDER THEREON.—The modifications proposed in the above are given hereunder :—

	As already sanctioned.	As now proposed.
	Rs.	Rs.
1. Opening balance	36,485	30,600
EXPENDITURE.		
A. Public Works—		
i Original	3,300	8,403
ii Repairs	33,200	33,480
iii Establishment	6,387	6,455
B. Public Works—		
Incomplete works	...	11,526
i Original works	...	2,500
iii Establishments	...	1,350
C. Civil Charges—		
i Office establishment	2,000	1,500
v Sweepers for Travellers' Bungalows	1,809	1,869
vi Conservancy and Sanitary Charges	1,144	1,150
ix Contributions	4,000	3,000

2. *Opening Balance.*—The proposed figure (Rs. 30,600) entered under this head in accordance with the preliminary accounts of the Comptroller for 1900-01, will be raised to Rs. 32,346, which is the correct actual balance on 1st July 1901 according to Comptroller's final accounts received in this office for the year 1900-01.

3. *A. Public Works to be executed by the D. P. W.*—Out of the increase of Rs. 5,103 proposed under the head "I. Original works" the sum of Rs. 3,063 pertains to contribution payable to Department of Public Works for widening the bunds of the Arlamallige tank in the Dodballapur Taluk, and of the Mallurpatna tank in the Channapatna Taluk, which are situated on District Fund roads and for which provision was ordered to be made in the present budget in Proceedings No. 11737—L. F. 39-99, dated 16th January 1902, and Rs. 2,040 is on account of the following works :—

	Rs.
1. Re-constructing a tunnel on Hoskote-Kadgodi-Anekal Railway feeder	190
2. Ditto at cross road at Dodballapur	200
3. Constructing a tunnel of 7 vents on Bangalore-Nandydroog road	1,650
Total	2,040

It is presumed that the last work is in that portion of the road which is being maintained from the District Funds.

The necessity for the increase of Rs. 280 proposed under "II. Repairs" should have been explained. These provisions are allowed to stand as proposed and the estimate under "III. Establishments" will be raised to Rs. 7,329, which correctly represents 17½ per cent on the increased provision for works.

4. *B. Public Works to be executed by Revenue Department.*—The supplemental grants for works under this head, for which no details have been furnished, will be retained, subject to the early submission of individual lists of works for which they are provided, and the provision for establishments will also be slightly raised to Rs. 1,402 so as to correctly represent 10 per cent on the cost of works.

5. *C. Civil Charges—I. Office Establishment.*—A decrease of Rs. 500 is proposed under this head. The figure in the budget of 1900-01 was 1800; the first budget provided Rs. 2,000 for 1901-02, but the details of expenditure were not supplied. They were called for by the order sanctioning this budget; but neither that

information nor explanation for the present decrease has been supplied. It is presumed that Rs. 1,500 would be sufficient and the decrease is admitted. The explanation should, however, be duly furnished without delay.

6. *V. Sweepers for 3rd class Travellers' Bungalows.*—The provisions made for a moiety of the pay of the watcher for the conservancy of Ramanna's pond at Dodballapur, sanctioned in Proceedings No. 781-82—L. F. 1-01, dated 15th July 1901, as also for the increase of pay to the caretaker and contingencies of the musafirkhana at Dodballapur, sanctioned in Proceedings No. 2967-8—L. F. 9-94, dated 17th August 1901, account for the increase under this head. This is approved, but the former item of Rs. 36 will be transferred to the appropriate head "VI Conservancy and Sanitary charges" the provision under this head being reduced accordingly.

7. *VI. Conservancy and Sanitary Charges.*—The authority under which an increase of Rs. 12 is provided under this head for the sweeper of Devarahosahalli has not been correctly cited, the Proceedings No. 2094-5—L. F. 131-94, dated 11th August 1896, quoted, referring to a different matter—the employment of three sweepers for the village of Malur. For want of proper authority, this item will be disallowed, and the total estimate under this head altered to Rs. 1,180 with reference to the modifications ordered in this and the foregoing paras.

8. The revised budget estimates of the Bangalore Circle for 1901-02 are sanctioned as per details given in the statements appended, the result being as follows:—

		Rs.

2. *Opening Balance.*—In lieu of the approximate balances adopted in the original budgets, the actual balance in favor of each Municipality as now proposed will be accepted.

EXPENDITURE.

3. *III. Collection.*—The increase proposed in the budget of Malvalli is on account of potgi payable to the village servants on *mohatarfa* collections made in previous years, which remains unadjusted owing to the non-receipt of bills before the end of the past year. The provision is passed.

4. *IV. Conservancy.*—The provisions made in the budgets of Seringapatam and Malvalli for the temporary establishment sanctioned in Government Proceedings Nos. 15571-2—L. F. 93-97 and 11693-4—L. F. 17-01, dated respectively the 19th March and 16th January 1902, in connection with plague prevention measures, account for the increase under this head. The provisions are approved.

5. *VIII. Public Works.*—The budgets of Seringapatam and Kikkeri provide Rs. 200 and Rs. 50 respectively on account of incomplete works of previous years. Hence the increase under this head which is allowed to stand.

6. *IX. Charitable Grants.*—In accordance with instructions given by the Examiner, Public Works Accounts, the Municipal Board of Malvalli provides for the one-third share of contribution payable by it towards the repairs of the dispensary building in the town. The provision is allowed.

7. Before, however, finally approving of the provision made in the budget of Malvalli for the moiety of the pay of the midwife from 1st April to 8th May 1901, which will be retained tentatively, an extract of para 2 from the proceedings of the District Fund Board of the French Rocks Local Fund Circle, dated 8th January 1902, will be forwarded to the Senior Surgeon with a request that he will be good enough to state why the Civil Surgeon deputed a midwife to Malvalli to act for a month, without a requisition from the President.

RECEIPTS.

2. *II. Tax on Houses and VII. Mohatarfa.*—The decrease under these heads in the budget of Seringapatam is due to all the recoverable arrears having been collected during the current year, leaving a small balance outstanding to be written off the accounts. But the cause of the falling off of revenue under "Cart tax" in Malvalli has not been explained. The omission should be supplied and a statement of remission of irrecoverable items in Seringapatam and elsewhere should be submitted. Meanwhile the estimates will stand.

EXPENDITURE.

3. *IV. Conservancy.*—The omission of the provisions in the present budgets of Seringapatam and Malvalli, on account of temporary hands and carts sanctioned for 1901-02, accounts for the decrease in the estimate under this head, which is passed.

4. *VII. Lighting.*—As there will be a deficit of Rs. 95 in the budget of Mandya, if the provision of Rs. 130 proposed for lighting against Rs. 140 sanctioned for 1901-02, is retained, the latter will be struck out with an observation that, if funds cannot be made available by developing the existing sources of revenue, the arrangements for lighting the town should be discontinued. The provisions made in the remaining towns, including those for new lamps and lanterns in the budgets of Malvalli, Maddur and Kikkeri, will be passed.

5. *X. Education.*—In the budget of Melkote, a sum of Rs. 254 is entered newly on account of contribution towards educational charges, as the temporary relief afforded to the Municipality ceases with effect from 1st July 1902, under Proceedings No. 14310-12—L. F. 224-93, dated the 25th April 1901. The provision is passed.

6. The other items call for no remarks and are passed.

7. The budget estimates of receipts and expenditure of the Municipalities in the French Rocks Sub-Division for 1902-03, are sanctioned as shown below. The usual particulars are appended :—

Attention is directed to the Government orders marginally noted. The progress now shown is far from satisfactory, the most backward Districts being Hassan and Kadur with the heavy decrease of Rs. 1,07,347 and Rs. 59,538, respectively. Government cannot understand why the collections have been so extremely bad in these two districts and in a somewhat lesser degree in the Districts of Bangalore, Kolar and Mysore. Better results are expected by the end of June 1902 and every reasonable endeavor in view to the achievement thereof should be used by the District Officers concerned and their subordinates.

Letter No. 461—S, dated the 5th April 1902, from the Deputy Commissioner, Hassan District, reporting with reference to Government Proceedings No. 1492-99—R. F. 43-98, dated the 17th August 1899, that the progress made in the matter of the preparation of accounts to be kept by holders of alienated villages is anything but satisfactory in spite of the strenuous efforts made, and requesting sanction to the grant of an imprest of Rs. 30 to each Amildar in his district, with a view to get the accounts prepared by a gumasta on a fixed salary, the cost being recovered from the defaulting Inamdars as revenue arrears.

No. R. 5778-86, DATED BANGALORE, 14TH JUNE 1902.

ORDER THEREON.—Government are not prepared to grant the imprest applied for. If in the inam village concerned, there is a shanbhog, he is bound to prepare the accounts in question. If there is none, the inamdar is bound to have the needful work done. In the event of default in either case, the Deputy Commissioner can have the accounts prepared at the cost of the inamdar. No permanent imprest is necessary and Government sanction to a small advance subject to early adjustment, can, in such cases, be easily obtained by the Deputy Commissioner. The provision of the law on the subject should be clearly explained to all inamdars. Cases of default necessitating the Deputy Commissioner's interference at the inamdars' cost, can only be few and far between.

The Annual Report on Meteorology for the year 1901, received with letter No. 990, dated 6th June 1902, from the Director of Meteorology in Mysore.

No. R. 5833-47—R. F. 56-97, DATED BANGALORE, 21ST JUNE 1902.

ORDER THEREON.—*Atmospheric Pressure.*—The nine years' (1893-1901) average yearly means reduced to sea level and corrected for gravity to 45° lat. for the four stations of Bangalore, Hassan, Mysore and Chitaldrug were 29·768, 29·786, 29·786 and 29·766 respectively, the corresponding yearly mean for 1901 being 29·772, 29·797, 29·788 and 29·764. As usual, June was the month of lowest pressure and December that of highest.

Temperature.—The variations of the mean dry temperature for 1901 from the average of the past nine years were as shown below:—

	Bangalore.	Hassan.	Mysore.	Chitaldrug.
Average for 1893-1901 ..	75·2	73·7	76·7	77·9
Variation from the average ..	+0·3	+0·5	+0·7	+0·6

April, which is normally the hottest month, had an average maximum temperature above normal; but May was 0·4 below normal on the average, and for the whole year the greatest daily heat averaged 0·3 above normal.

Humidity.—The average mean humidity for the past nine years ranged between 58 and 62. Owing to the unusual rain in February, the humidity was abnormally high for that month. The mean humidity for 1901 was above the average in Bangalore and Chitaldrug and equal to the average in Hassan and Mysore.

Rainfall.—The average rainfall for the past nine years was 30·93 inches and the fall during the year was 0·8 inches above the average.

Wind velocity.—The greatest wind velocity for any day during the year was 517 miles per day at Mysore on the 8th June, 410 miles at Bangalore and 167 miles at Hassan on the 12th June and 324 miles at Chitaldrug on the 7th July.

The anemometer at Hassan is reported to be worthless. The Director will take steps to remedy the defect.

The Report, which is full of interesting details and diagrams, will be published and copies distributed as usual.

2. It will be seen from the above that the largest number of applications pending disposal at the end of the quarter is in the Mysore District, while the Bangalore and Shimoga Districts stand next to it in order. The Deputy Commissioners of these Districts will see to the expeditious disposal of the applications in question.

3. Of the two darkhasts of the year 1892-93 shown to have been still pending in the Hassan District, it is reported that the land in one has been notified for sale and that the records connected with the other have been forwarded to the Superintendent, Mysore Revenue Survey, for fixing the assessment. A speedy disposal of these is requested.

4. Further, the discrepancy referred to in para 2 of Government Proceedings No. 2398-405, dated the 4th December 1901, has, it is observed, not yet been explained by the Deputy Commissioner, Mysore. The report called for in this connection will be submitted without further delay.

5. Gomal lands should invariably be disposed of within a reasonable time after the receipt of Government sanction. The Deputy Commissioners and their Assistants should give this matter their personal attention during their tours in the taluks under their charge. By proper scrutiny and supervision these officers ought to be able to ensure much prompter disposal of gomal cases than heretofore.

NOTIFICATION.

No. 536—Ex. F. 6-1901, dated Bangalore, 3rd June 1902.

Under Section 29 of the Excise Regulation, V of 1901, and in exercise of all other powers enabling them in this behalf, the Government of Mysore are pleased to frame the following rules in supersession of all existing rules relating to the cultivation of ganja hemp and manufacture, sale etc., of ganja:—

Definition of Ganja.

1. For the purposes of these rules, the hemp plant shall be taken to be that generally known as the *Cannabis Satica* of Linn or *Indica*, and what is termed in Hindustani *Ganja*, in Kanarese *Bhangi soppu*, in Tamil *Ganja yale*, and in Telugu *Bhangi aku*. But as there are several varieties of the Indian hemp, each and every such variety shall be taken to be included in, and as falling under these rules. Ganja includes any preparation of it except *halva*. (The description of ganja and its preparations is given in Appendix A.)

2. The following rules shall regulate and restrict—

(1) the cultivation of the ganja hemp plant and manufacture of ganja;

(2) the export of ganja;

(3) the import of ganja; and

(4) supply of ganja to licensed retail vendors.

Cultivation of Ganja hemp plant.

3. No person shall cultivate ganja hemp in the territories of Mysore without a patta in the Form B hereto appended, which can be obtained *free* from the Amildar of the Taluk in which such cultivation is permitted by the Excise Commissioner. The cultivation of ganja hemp will be restricted to a limited number of suitable tracts.

Applications for land and grant of the monopoly of cultivation and supply of Ganja.

4. Applications for land for the cultivation of ganja hemp shall state whether it is intended to raise the plant for ganja or for fibre. These applications shall be made to the Amildar of the taluk, who after satisfying himself as to the respectability of the applicants, shall submit the same to the Deputy Commissioner, by whom, if no objection exists,

they shall be granted with the previous sanction of the Excise Commissioner. The Excise Commissioner shall be at liberty, with the approval of Government, to grant to a single individual or firm the exclusive privilege of the cultivation of ganja hemp and manufacture of ganja in selected localities, and of the supply of ganja throughout the territories of Mysore, including the Civil and Military Station of Bangalore, with the consent of the Honorable the Resident. Such supply shall be made by the grantee of such privilege either through the Provincial Depôt at the Government Central Distillery buildings, Bangalore, or the Bonded Depôts attached thereto, by selling to the licensees of retail shops at the prescribed rate of price, such quantity of ganja as is covered by the Treasury receipts presented by them, showing the prepayment of duty at the prescribed rate, and by an indent for the quantity shown in the Treasury receipt. The supply to the Civil and Military Station shall be made by him through the Government of Mysore under such arrangement as may be ordered for the purpose.

Excise officers to watch progress of crop and register it.

5. Excise officers shall watch the progress of the crop raised, and explain to the cultivators how and when ganja should be prepared; and they shall also guard against the fraudulent disposal of the drug by the cultivator. As soon as the drug has been manufactured, the packages or bundles thereof shall be duly sealed, counted and registered in a book kept for the purpose by the Excise Assistant Inspector concerned under the signatures of himself, village officials and the cultivator. Such bundles or packages shall then be forthwith removed by the cultivator under escort of the Excise Assistant Inspector and his subordinates to the Provincial Head-quarters Depôt or such other place as may be ordered by the Excise Commissioner. The bundles or packages shall then be locked up in a room under the seal of the Excise Inspector or the Amildar or Taluk Sheristadar or other officer, as the case may be, an acknowledgment for the same being given to the cultivator by the officer receiving the said bundles or packages.

Cultivator to whom to sell the drug.

6. The cultivator of ganja shall not sell the drug stored in the Provincial Head-quarters Depôt or other authorized place, to any person other than Government or the licensees of retail shops.

Sample of drug to be sent to Provincial Depôt.

7. Before the cultivator can be permitted to sell ganja as hereinbefore provided, a sample thereof shall be sent to the Provincial Head-quarters Depôt at Bangalore, where it shall be duly tested and reported upon; and if it is approved by the Excise Commissioner, the cultivator will be permitted to transport it to the Provincial Head-quarters Depôt, or any other authorized place, under the cover of a pass in the appended Form C. All ganja which is unfit for human consumption, shall be burnt in the presence of the Amildar or Excise Inspector concerned and the owner thereof.

Responsibility of village officials.

8. The village officials shall be primarily responsible that no clandestine cultivation of ganja is carried on in their respective villages. When such cultivation is discovered, they shall give immediate information thereof to the Excise officers for necessary action.

Liability of land-holders regarding Ganja hemp growing in their lands.

9. Land-holders and owners of backyards shall prevent the spontaneous growth of ganja hemp in their lands. If, after the due publication of this rule, ganja hemp be found in such lands, the owners or occupants thereof shall be liable to be prosecuted as if they deliberately raised the plants.

Prevention of spontaneous growth of Ganja hemp plant.

10. The village officials and Excise and Police officers shall destory the ganja hemp plants of spontaneous growth in Government unoccupied lands.

Export of Ganja.

11. No cultivator of ganja will be permitted to export the drug.

Disposal of monopoly of transporting Ganja.

12. The exclusive privilege of transporting ganja from the Provincial Depôt in the Government Central Distillery buildings to the Bonded Depôts throughout the Mysore State, shall be included in that of transporting arrack from the Central Distillery to such Bonded Depôts.

Alterations in the number of shops.

13. The Excise Commissioner or Deputy Commissioner of each district, shall be at liberty on good and valid grounds existing therefor, to make any alterations in the number and localities of the shops that he may from time to time consider necessary, or to close any shop without any claims for compensation on the part of the cultivator or transporting contractor.

Quality of Ganja and stock to be maintained by cultivator.

14. The ganja and majum and other preparations thereof sold, shall be of good quality, not black or old, or such as may have lost medicinal virtues, and must be without stalks and seeds which should be removed before issue to retail vendors, or equivalent weight of good ganja given for such stalks and seeds when returned by retail vendors, and must not be adulterated. Powdered ganja to the extent of 5 per cent only shall be taken by the vendors. Such powdered ganja may be made up by the retail vendors into *halva*. The cultivator shall always keep on hand not less than one month's supply of ganja at each Bonded Depôt and two months' stock (exclusive of the stock at depôts) at the Provincial Head-quarters Depôt at the Bangalore Distillery buildings.

Transport Passes.

15. All ganja and its preparations transferred from one Bonded Depôt to another Bonded Depôt, shall be covered by a transport pass in the prescribed Form D; and the conditions of such pass shall not be infringed; and the number and date thereon shall be duly quoted in the depôt account against the entry of receipts in the depôt registers. Those sold at the depôt to retail vendors, shall be covered by a permit in the prescribed Form I, signed by the transporting contractor or his authorized agent, the conditions whereof shall not be infringed.

Retail dealers how to purchase Ganja.

16. (*a*) The licensees of retail shops shall purchase their supplies of ganja and majum at the prescribed rates of price from the cultivator authorized by Government, or from any Bonded Depôt established by Government.

(*b*) The above price is in addition to the Excise duty which shall be prepaid by the licensees into the Taluk Treasury, at the prescribed rate, before the removal of ganja or majum from the Bonded Depôt established by Government.

(*c*) The licensees shall, on the payment of the duty into the Treasury, obtain a receipt in the appended Form K (1) which shall be in triplicate, the original to accompany the daily cash account to the District Treasury, the duplicate to be delivered to the official in charge of the Bonded Depôt and the triplicate to be retained with the licensee. On production of such receipt and an indent for the supply of ganja covered by the receipt, the Bonded Depôt keeper shall issue the quantity of ganja equal to the amount of duty shown in the said receipt, which shall be forwarded to the Excise Commissioner's office under the endorsement of the Bonded Depôt-keeper as to the date and hour when the ganja was issued. The Depôt-keeper shall issue a permit in the prescribed form for the transport of ganja from the Bonded Depôt to retail shops.

Deputy Commissioner to have power to close shops.

17. The Deputy Commissioner shall have power to close any particular shop or shops, on the requisition of the Military authorities or Magistracy, temporarily or permanently, and the cultivator or transporting contractor shall not be entitled to any compensation therefor. But with the approval of the Excise Commissioner, the number so reduced might, if the public requirements demand it, be re-established in other adjacent towns or villages.

License fees.

18. The prescribed rates of license fees for retail shops are as per particulars given below :—

The amount for which the license is purchased, shall be paid into the Taluk Treasury on the chellan "K" hereto appended, as laid down in the form of sale notice "J" hereto appended.

Cultivator to keep accounts.

19. The cultivator shall keep at the Head-quarters Depot at the Bangalore Distillery, and render a true and correct account of all cash transactions and of ganja cultivated and drugs manufactured and transported to Bonded Depots, to the Excise Commissioner monthly, and allow the officers of the Excise Department free access always to all the accounts kept by the cultivator, which shall be true and accurate, and in the prescribed forms. Such employés shall take out licenses and sign permits for the transporting contractor. The transporting contractor shall take over all scales and weights at the Head-quarters Depot and other Depots, if correct and in good order, at a valuation to be fixed by the Excise Commissioner. The out-going contractor shall be liable similarly to make over, on the determination of his contract, the scales and weights to his successor in the lease.

In-coming cultivator to take over old stock and out-going contractor to make it over.

21. All ganja and majum or any other preparation of ganja (except halva) remaining on hand at the close of the contract at the Head-quarters Depot and all Bonded Depots, if of good quality and fit for use, shall be taken over by the incoming cultivator at an average rate of price struck on the rate entered in the accounts kept by the out-going contractor, on the value of the drugs so transferred.

Cultivator and transporting contractor to conform to Excise laws.

22. The cultivator and transporting contractor shall conform to the Excise laws and rules now in force, or any additional laws and rules which may be prescribed from time to time by the Government.

Penalties for breach of laws.

APPENDIX A.

CLASSIFICATION AND DEFINITION OF THE TERM GANJA, ITS ADMIXTURES, ETC.

Hemp.—There are numerous varieties of *Indian Hemp*, for instance, that alluded to by "Buchanan" as "*Indian Hemp*," is the production of the *Crotolaria juncea*, from the fibre of which the goni-bags of commerce are made; and other kinds. The *Indian Hemp* referred to in the Ganja Rules is the *Cannabis Sativa* of Linn. *N. F. Urticaceæ* of the Pharmacopœia, which is called in Hindustani Ganja, in Kanarese

Bhangi soppu, in Tamil *Ganja yale*, and in Telugu *Bhangi aku*. The intoxicating products of the plant are known as—

(1) *Ganja, i. e.*, the flowering tops of the female plant from which the resin has not been removed, and which are pressed and dried. The plant is cut during inflorescence, with the resin carefully preserved on the leaves. When not pressed as in some places, it is exposed to the sun for three days and then made into bundles, each containing 24 plants.

(2) *Churrus* is the concentrated resin exudation* collected from the leaves, slender stems and flowers.

(3) *Bhang*, as known in Mysore, is ganja consisting of a mixture of the leaves and capsules, without the stalks, saturated with water and brought to the boiling point; the water is then thrown away, the mixture strained, and the drugs ground with pepper, and made up into balls. One tola dissolved in jaggory-water, milk, or expressed juice of the cocoanut, will ordinarily suffice for a drink for six men. *Bhang* is made as needed daily.

(4) *Majum* is a condiment made with ganja powder, in the following proportions:—

No.	*Particulars.*	*By measure.*	Quantity. *By weight.*
1	Ganja powder	... 0 seers.	20 seers.
2	Poppy seeds (kus-kus)	... 4¼ „	10 „
3	Dalchinni	... 2 } „	6 „
4	Anice seed	... 4 }	
5	Jaggory (granular-soft will not do)	... 0 „	2 mds. (80 seers of 24 tolas).
6	Ghee	... 0 „	3¾ seers (of 24 tolas each).
	Total Maunds nearly	...	3

The ganja powder is put into syrup made of jaggory and water and boiled. The water is not thrown away but absorbed. The drugs are then boiled with ghee and the other ingredients added to make majum.

(5) *Halva* is also a condiment, and like the preparation *Majum*, the expressed juice extracted by boiling the sediment is not thrown away, but the sediment is. In the liquid so obtained, jaggory is dissolved and mixed with all-spice and other medicinal ingredients, till it forms a soft paste.

(6) *Charun* is roasted ganja with which "Owlu" (beaten rice), and boiled Bengal-gram (Chena), are mixed with jaggory, and eaten dry.

Character of Ganja.—Tops consisting of one or more alternate branches, bearing the remains of the flowers and smaller leaves, and a few ripe fruits pressed together in flat cakes, several inches wide and long, harsh, of a dusky green color and a characteristic odour.

Analysis.—Cannabin, a resin on which its properties depend and developed only in warm countries, a small quantity of volatile oil, extractive, etc. The resin is of dark-green color, has a fragrant odour, a warm, acrid, and bitter taste and is soluble in alcohol and in ether, and in the fixed volatile oils.

Actions and uses.—Narcotic antispasmodic, intoxicant. Like alcohol it produces a variety of effects on different individuals: in one a dull heavy state of pleasant reverie, with a rapid succession of unconnected ideas; in another a cheerful activity, with giddiness. Taken as an intoxicant in large doses, Dr. Angus MacDonald says, "It quickens the circulation and exhilarates the spirits, producing a kind of mirthful "or extravagant delirium, during which its victim alternately laughs, cries, sings, "dances or craves for food, all the while believing himself to be in a normal state of "mind. Sometimes, however it makes its victim ill-tempered, violent and pugna-"cious. It usually produces an inordinate appetite for food, and acts powerfully as

* Note.—Men dressed in complete leather suits pass through the Ganja-fields, rubbing themselves against, and brushing roughly past the plants, early in the morning just after sunrise, and when a fall of dew has taken place. When this step has completely covered the skin with the gummy matter from the plants, it is scraped off therefrom, which forms the Ganja-resin of commerce. There are other ways also; Dr. MacDonald says in his "Note-book of Materia Medica," "that it is prepared either by rubbing the leaves carefully between the palms of the hands and scraping the soft resin from them when enough has adhered, or by rubbing the leaves gently with a cloth, and scraping the resin off it."

"an aphrodisiac. In medicinal doses, it acts upon the cerebro-spinal system, causing, "in moderate doses exhilarations of spirits, a kind of inebriation and hallucination "followed by confusion of intellect and tendency to sleep; in large doses it causes "stupor. After the primary effects of a full dose have passed off, the patient is said "to be left in a state of catalepsy." Dr. Mihe adds that it alleviates pain and subdues spasm, and for this purpose it has been given, but with extremely variable results (it may be owing to inert specimens of it) in neuralgia, chronic rheumatism, painful menstruation, infantile convulsions, hydrophobia and tetanus. In the latter disease a few striking cures have been achieved, but in other cases it has failed. Spasm and spasmodic coughs are frequently relieved by it; and some obtain sleep from it, who are debarred the more certain soporific opium, owing to its evil effects. "It differs from opium in its effects, chiefly in not contracting the pupil, and in not causing loss of appetite, dry tongue or constipations." In uterine hæmorrhage it often arrests the flooding and it relieves the pain in dysmenorrhœa.

Agricultural and Commercial.

Dr. Balfour in his Cyclopædia (pages 43 and 44) says, "The Hemp plants grow "in Persia, Syria, Arabia, and *throughout* India. *In* "*some places for its fibre*; in others, and generally, for "its intoxicating products. In Kangara and the Punjab it *grows spontaneously* and "in *abundance everywhere* in the sub-mountain tracts in the Sutlej Valley, between "Rampur and Sanganam, at an elevation of 3,000 to 7,000 feet, *but is cultivated for* "*the fibre only*, in the eastern portions of Kangara and Simla Hills. SALE OF DRUG SHOPS FOR
Notice No. , *dated*

APPENDIX J.

1. Notice is hereby given that the exclusive privilege of selling intoxicating Drugs in each of the shops specified in the Schedule hereto appended, for the twelve months beginning with 1st July and ending with 30th June will be put up to public auction by the respective Deputy Commissioners or by Assistant Commissioners specially authorized by the Deputy Commissioners for the purpose, at the respective taluk head-quarters, on the dates specified in the said Schedule, subject to the conditions hereinafter set forth.

2. Each bidder at the auction will deposit a sum of Rs. 5, or such other reasonable amount as may be fixed by the officer conducting the sale, previous to bidding. Each shop will be knocked down to the approved highest bidder, subject to formal confirmation by the Deputy Commissioner, who will be at liberty to accept or reject the bid at discretion without assigning reasons for the same. Such formal confirmation will, unless revised by Government, be tantamount to an acceptance of the bid. Parties intending to bid must attend either in person or by duly accredited agents.

3. As soon as the auction is completed, the deposits made by the unsuccessful bidders and not forfeited, as hereinafter provided, will be returned to them. As the auction proceeds, the person whose bid is accepted for each shop shall at once deposit a sum equal to $\frac{5}{8}$ths of a month's rent for that shop. Should he fail to do so, the deposit made by him under para 2 will be forfeited, the shop will at once be put up again on the above conditions, and he will be debarred from bidding again for the same or for any other shop.

4. The persons to whom the shops have been knocked down, and who have made deposits as provided in paras 2 and 3, shall also, within seven days from the date of the auction, deposit such further sum as, with the first and second deposits, will make up an amount equal to two months' rent of each shop knocked down to them; and shall take out licenses and execute a counterpart engagement, in the prescribed forms, on the conditions hereinafter set forth. On the failure of any person to make the deposit or to take out license or to execute the counterpart engagement, as aforesaid, the shop will be re-sold at the risk of such person, or if the auction hereby notified has already been completed, will be otherwise disposed of at the discretion of the Deputy Commissioner. In the case of the purchaser's death after the confirmation of the sale, it will be binding on his heirs or assigns.

5. Re-sales effected under para 4 will be at the risk of the defaulting bidder, who will forfeit all gain; and in the event of a loss by re-sale, he will make good the deficiency between the total amount payable for the whole period under the terms of the original sale and the total amount payable by the successful bidder at the re-sale. In the latter case, the forfeited deposit will be deducted from the loss arising from the re-sale and the remainder, if any, will be recovered from the bidder in the same manner as if it were an arrear of land revenue. Should, however, the forfeited deposit be greater than the loss by re-sale, the whole of such deposit will be credited to Government.

6. The license to be taken out under para 4 above shall be subject to the following conditions, namely:—

(1) The amount for which the privilege has been purchased shall be payable into the Taluk Treasury on the prescribed challan J. 1, in equal monthly instalments commencing from July 190 ; each instalment shall be regarded as the rent for the month in respect of which it is payable. Each month's rent shall be payable on or before the 20th of the same month on the challan prescribed for the purpose. If such amount be less than Rs. 12, it shall be paid up in not more than three instalments. The deposit of two months' rent made by the licensee will be taken in payment of the rents due for the last two months of the period of the license. Failing payment by the 20th of the same month, the Deputy Commissioner shall at once proceed to recover the arrears together with interest at 6 per cent under the rules

in force for the collection of land revenue. No remission or abatement of the rent shall, on any account whatever, be claimable by the licensee.

(2) The Ganja sold by the licensee shall be of good quality and unadulterated, and it shall be sold by him at Rs. 5 for a seer of 80 tolas of Ganja and of Rs. 1-10-8 for a seer of Majum; and the whole stock of Ganja and Majum on hand shall be kept in the licensed shop and not elsewhere on any pretext whatever without special permission.

(3) The licensee shall use such scales and weights as may from time to time be prescribed by Government, and provide himself with the printed forms of accounts and permits or passes for transport of Drugs, which forms shall be purchased from local Excise Officers.

(4) The licensee shall be bound to take over any Drugs which may remain as stock in hand belonging to the out-going licensee on the 1st July in the existing shop, paying to the latter such compensation for the same as may be fixed by the Deputy Commissioner.

(5) The licensee shall be bound by the rules in force, and by such further rules which may be issued from time to time by Government.

(6) The remaining terms and conditions shall be as set forth in the prescribed license.

7. In the case of any breach of the above conditions either by the licensee, or with his connivance and privity, by any person in his employment, or in the event of the licensee neglecting to open his shop or to carry on his business with due care and attention, it shall be competent to the Deputy Commissioner to impose upon the licensee a fine not exceeding Rs. 10 for every such breach or neglect or at the option of the Deputy Commissioner to declare the money deposited with him forfeited, and to cancel the license and to re-sell or to otherwise dispose of the privilege at the risk of the licensee; and all loss thereby caused, together with the loss accruing to Government in consequence of the licensee not carrying on his business by opening his shop on 1st July shall be made good by him. When a license is cancelled, the rent for the whole period of the license shall become due at once, which shall be recovered together with all losses as if they were arrears of land revenue.

8. The penalties laid down in the last preceding clause shall not exempt the licensee or his employés from prosecution for any offence committed against the Excise laws or rules in force.

APPENDIX L.

Whereas we, have been granted by the Government of Mysore, the right of cultivating ganja hemp (*cannabis sativa* or *indica*) and manufacturing and supplying ganja to the Government of Mysore, for the period of five years beginning with the 1st of July 190 and ending with the 30th of June 190 , we, the said for ourselves, our heirs, legal representatives and assigns hereby agree and bind ourselves to all the terms and conditions hereinafter set forth and to the Excise Laws and Rules now in force and to those which may be issued from time to time:—

(1) that we bind ourselves to supply to Government yearly (24,000) twenty-four thousand seers of eighty tolas each of good ganja, prepared from the flowering tops of female plants, from which the resin has not been removed, and which contain little or no seed, or such quantity as may be actually required to meet the demand of the licensees of retail shops in the Mysore State including the Civil and Military Station of Bangalore;

(2) that such supply shall be made either through the Provincial Depôt at the Government Central Distillery, Bangalore, or the Bonded Depôts attached thereto by selling to the licensees of retail shops at annas per seer of eighty tolas, such quantity of ganja as is covered by the Treasury Receipt presented by them, showing the prepayment of duty at Rs. per seer of 80 tolas, and by an indent for the quantity shown in the Treasury Receipt, the supply to the Civil and Military Station being made by the Mysore Government under the existing arrangement;

(3) that we also bind ourselves to manufacture and sell to the licensees of retail shops the requisite quantities of majum at annas per seer of eighty tolas, on production of Treasury Receipt in proof of prepayment of duty at annas per seer of eighty tolas;

(4) that we shall not prevent any Excise or Police Officer or Revenue Officer from entering our fields on which ganja hemp is cultivated or our ganja curing or manufacturing yards, in order to supervise the cultivation of the ganja hemp and the manufacture of ganja therefrom or for any other purpose connected therewith;

(5) that we shall not sell or transfer the standing crop or its produce to any person other than Government, for supply to the licensees of retail shops;

(6) that we shall apply to the Excise Divisional Officer concerned not less than a fortnight before we commence to harvest our crop, for permission to do so, and shall, during the harvesting of the crop and the preparation of ganja therefrom, work under the general supervision of, and obey the instructions issued by the Deputy Excise Commissioner, the Excise Divisional Officer and the subordinates deputed by them on that behalf;

(7) that we shall remove the crop to, and prepare ganja therefrom in such places only, as shall be approved in writing by the Chief Excise Officer appointed to supervise the crop, such places being in close proximity to the fields were ganja hemp is cultivated. The transport of the crop shall be covered by a permit which will be granted on our application, by such officer. All male plants uprooted in the process of cultivation, shall be duly buried or burnt by us, and all female plants not used for the preparation of ganja, as well as the plants pronounced by competent officers unfit for such preparation, shall be burnt or otherwise destroyed under the supervision of the said officer, or under his orders by the Excise Circle Assistant Inspector;

(8) that the crop shall, as soon as it is harvested, be cured with the least possible delay, and the ganja removed to the Provincial Depôt in the Government Central Distillery buildings, Bangalore, or such other place as may be ordered by the Excise Commissioner, under a transport permit granted by the aforesaid Chief Excise Officer;

(9) that on the arrival of ganja at the place referred to in clause (7) above, it shall be duly weighed by the Excise Officer concerned and reported upon to the Excise Commissioner;

(10) that if we harvest any portion of the ganja hemp crop without permission or fail to remove the crop from the field to the place of manufacture, or to deliver the whole ganja manufactured therefrom at the place referred to in clause (7) *supra*, within the time specified in the transport permit, or manufacture any intoxicating drugs therefrom in a place other than that specified in our license, or disobey the instructions issued by Excise Officers for the purpose of safeguarding the revenue, shall render ourselves liable, at the discretion of the Excise Commissioner, to a penalty not exceeding Rs. 50 for every such wilful act or omission. The imposition of a fine under this clause shall not be held to prevent our prosecution for any offence which may thereby have been committed against the provisions of the Excise Regulation V of 1901 or other law for the time being in force;

(11) that we having taken over for the cost price, all the raiyats' ganja which is now stored at the Government Central Distillery buildings, *viz.*, Mysore maunds and seers, we have deposited at the Provincial Depôt in the Government Central Distillery buildings altogether Mysore maunds and seers of ganja including our own old stock, *viz.*, Mysore maunds of ganja, *i. e.*, a supply equal to more than one month's consumption, and valued at Rs. at the present rate of price, *viz.*, Rs. per Mysore maund;

(12) that if we fail to supply the requisite quantity of ganja to Government in any month or fraction of a month during the currency of the contract, we shall be bound to pay to the Government the charges which will be incurred to import ganja from British Territory or other foreign territory on prepayment of the prescribed duty to British Government or other foreign State and also any loss which will be sustained by the Mysore Government in consequence of our failure to supply ganja. Such charges and loss shall be recovered from us by attaching and selling our property under the rules for the recovery of land revenue.

In witness whereof we, hereunto set our hands and seals this day of 190 .

READ—

The following letter No. 7269-368, dated 15th May 1902, from the Excise Commissioner in Mysore :—

1. Adverting to Government Proceedings No. 2211-12—Ex. 123, dated 6th September 1900, I have the honor to submit for the approval of Government the accompanying Circular Memos which I propose to issue regarding the uniform clothing to be worn by the various classes of the subordinate officers of the Excise Department.

2. The "full dress for special occasions" being very expensive, will not be introduced until further orders, the "ordinary dress" being sufficient for the present.

3. The patterns of the clothing will be submitted on receipt from Messrs. Moses & Co., Madras.

CIRCULAR MEMO.

1. The Government having approved of the officers of the Department being put into uniform, orders are hereby issued directing that the prescribed uniform shall be worn by all Officers from and after 1st July 1902. Copies of the circular memo prescribing the uniform to be worn by each class of officers are hereby circulated for information and guidance. Sealed patterns of the uniform and accoutrements etc., have been deposited with Messrs. Moses & Co., Mount Road, Madras, from whom alone all officers must obtain their uniform. A list showing the price of each article of uniform is also appended. These prices are credit prices; and any person paying cash at time of order, will receive a reduction of ten per cent in these prices. Those wishing for credit, will be allowed six months' credit from date of orders, and the amount of their account will be deducted monthly from their pay bills in six equal monthly instalments.

2. Inspectors and Assistant Inspectors must provide their uniform at their own cost. The uniform of Sub-Inspectors and peons will be provided at the cost of Government.

3. The wearing of uniform is compulsory, and officers are warned that uniforms etc. purchased from sources other than Messrs. Moses & Co., will not be allowed to be worn.

4. As regards measurements for uniform, officers may apply to Messrs. Moses & Co. for forms of self-measurement and take and submit their own measurements, or if they come to Head-quarters, arrangements will be made to have them measured.

5. Officers must not delay in placing their orders with Messrs. Moses & Co., and after the 1st July 1902, no officer will be allowed to appear on duty without uniform.

NOTIFICATION.

No. 593—Ex. F. 595, dated 30th June 1902.

Under Section 16, 24 and 29 of the Excise Regulation, V of 1901, and in exercise of all powers enabling them in this behalf, the Government of Mysore are pleased to prescribe the following Rules for the sale of Country Beer Taverns :—

The exclusive privilege of selling Country Beer or Porter in each tavern in such localities as may, from time to time, be ordered by Government, for each official year, shall be sold by public auction under the Excise Commissioner's Notification by the Deputy Commissioner of the district concerned or by other officer authorized by him. Such sale shall be subject to the following conditions :—

1. The exclusive privilege shall be put up to auction as may be ordered by the Excise Commissioner, either at the upset price fixed for each tavern by the officer conducting the sale, or it being fixed at Rs. 24 per hogshead of Beer or Porter which will be sold in each tavern.

2. The manufacturers of beer may bid for or purchase the taverns.

3. Each bidder at the auction shall deposit a sum of Rs. 250 or such other reasonable amount as may be fixed by the officer conducting the sale, previous to bidding. Each tavern will be knocked down to the approved highest bidder, subject to the formal confirmation by the Deputy Commissioner, who will be at liberty to accept or reject the bid at discretion, without assigning reasons for the same. Such formal confirmation shall, unless revised by Government, be tantamount to an acceptance of the bid. Parties intending to bid must attend either in person or by duly accredited agents.

4. As soon as the auction is completed, the deposits made by the unsuccessful bidders and not forfeited as hereinafter provided, shall be returned to them.

5. The persons to whom the taverns have been knocked down, shall, within seven days from the date of the auction, deposit such further sum as, with the first deposit, will make up an amount equal to two months' rent of each tavern or a total security of Rs. 500 for each tavern, knocked down to them, and shall take out licenses and execute counterpart engagements, on the conditions hereinafter set forth. On the failure of any person to make the deposit or to take out license or to execute the counterpart engagement, as aforesaid, the tavern shall be re-sold at the risk of such person, or if the auction hereby notified has already been completed, shall be otherwise disposed of at the discretion of the Deputy Commissioner. In the case of the purchaser's death after the confirmation of the sale, it shall be binding on his heirs or assigns.

6. Re-sales effected under clause 5 *supra*, shall be at the risk of the defaulting bidder, who shall forfeit all gain; and in the event of a loss by re-sale he shall make good the deficiency between the total amount payable for the whole period under the terms of the original sale and the total amount payable by the successful bidder at the re-sale. In the latter case, the forfeited deposit shall be deducted from the loss arising from the re-sale; and the remainder, if any, shall be recovered from the bidder in the same manner as if it were an arrear of land revenue. Should, however, the forfeited deposit be greater than the loss by re-sale, the whole of such deposit shall be credited to Government.

7. The license to be taken out under clause 5 above, shall be subject to the following conditions, namely :—

(1) The privilege conferred by the license extends to the sale of Country Beer or Porter brewed on the Nilgiris, or by Messrs. Meakin & Co., Kirkee, or by Messrs. Abraham and Gungadara Chetti & Co., Bangalore, or in any other Brewery approved by Government.

(2) Each tavern shall be maintained in or close to the existing tavern as described in the Schedule hereto appended.

(3) The amount for which the privilege has been purchased, shall be payable into the Taluk Treasury in equal monthly instalments commencing from July 190 ; each instalment shall be regarded as the rent for the month in respect of which it is payable. Each month's rent shall be payable on or before the 20th of the same month on the challan prescribed for the purpose. The deposit of two months' rent made by the licensee will be taken in payment of the rents due for the last two months of the period of the lease. In the case of the tavern sold for such price per hogshead as may be accepted by the Deputy Commissioner, the amount payable for each month on account of the number of hogsheads of Beer or Porter sold, shall be paid into the Taluk Treasury in the first week of the following month, on the challan prescribed for the purpose. The security deposit of Rs. 500 shall be taken towards the amount due for the last two months of the period of the lease. Failing payment as above, the Deputy Commissioner shall at once proceed to recover the arrears together with interest at 6 per cent under the rules in force for the collection of land revenue. No remission or abatement of the Government dues shall, on any account whatever, be claimable by the licensee.

(4) The licensee shall further pay a duty of two annas for every gallon of Country Beer or Porter purchased by him.

(5) The consignment of Country Beer or Porter purchased by the licensee, shall be sent direct from the Brewery to the Amildar of the taluk. The letter of advice covering the consignment, shall be in duplicate, the original being sent to the Amildar of the taluk, and the duplicate to the Excise Commissioner. On the duty at the abovementioned rate being paid by the licensee on the prescribed challan, the Amildar shall allow the licensee to remove the consignment to his tavern upon a pass signed by the Amildar or other officer authorized on this behalf.

(6) The licensee of every tavern at the Bangalore City shall pay a registration fee under the Municipal Regulation, at the rate of Rs. 180 per annum, in advance for the period of the license for his tavern.

(7) The licensee shall use such measures as may from time to time be prescribed by Government, and provide himself with the printed forms of accounts and permits or passes for transport of Beer or Porter, which forms shall be purchased from local Excise officers.

(8) The licensee shall be bound to take over any Beer or Porter which may remain as stock in hand belonging to the out-going licensee on the 1st July 190 , in the existing tavern, paying to the latter such compensation for the same as may be fixed by the Excise Commissioner.

(13) He shall fix in a conspicuous place outside of his shop a board on which shall be legibly painted his name, vendor's name, the number of his shop, and the article he is licensed to deal in.

(14) He shall not receive any articles whatsoever in barter or pledge and payment for Beer or Porter shall be made in ready money only at one and a half rupee per Imperial gallon and proportionately for fractions thereof.

(15) The Beer or Porter sold under this license shall contain 75 per cent of malt or any of the preparations of malt and 3 lbs. of good Kent hops per hogshead, and shall be of the same quality and density as purchased from the Brewer, without dilution or adulteration. The original gravity of the beer wort shall not exceed 1070 at 60° Fahrenheit. The Beer or Porter sold shall not contain more than 8 per cent alcohol by volume. The licensee will be bound to pay duty at the prescribed rate per gallon of proof spirit on all alcohol in the Beer or Porter in excess of 8 per cent by volume, besides being liable for prosecution. Samples of such Beer or Porter shall be sent duly bottled from the Brewery or tavern for examination and test whenever required by the Excise Department.

(16) Any Magistrate having local jurisdiction, or any officer acting under his warrant, or any Abkari or Excise Officer shall be allowed entry to the shop at any hour to test the Beer or Porter on the premises, and examine the shop accounts, which it shall be the duty of the Licenseholder and Vendor to keep and produce. READ—

The following from the Comptroller to the Government of Mysore :—

(1) Letter No. 7098—394, dated the 15th May 1902, to the Secretary to Government, Forest Department, requesting to be informed, with reference to Government Proceedings No. 698-706—3591-9, dated 10th April 1902, whether the daily allowance at malnad rates should be restricted to the nine ranges specified in Government Order No. 3502—Ft. F. 53-95, dated 27th October 1900, or to tracts specified in Article 602 of the Mysore Service Regulations.

(2) Docket No. 7059—395, dated 19th May 1902, to the Conservator of Forests, interpreting that under existing rules Rangers are entitled to travelling allowance only when they travel beyond their jurisdiction, and requesting to be furnished with a list showing the taluks comprising each range.

No. 881-9—4587-95, DATED BANGALORE, 7TH JUNE 1902.

ORDER THEREON.—The orders of Government No. 698-706—3591-9, dated 10th April 1902, supersede all previous orders on the subject. The nine range charges in question are those specified in Proceedings No. 3502-3—Ft. F. 53-95, dated 27th October 1900. Rangers are entitled to horse allowance whether they travel or not

and, in addition thereto, they are, while travelling within jurisdiction, entitled to batta, a proportionate deduction from their horse allowances being in the latter case made in their bills for the period for which they draw daily batta.

2. When Rangers travel beyond their jurisdiction with the permission of their superior Officers, they will be entitled in addition to their permanent horse allowance to a batta of Rs. 2 a day in malnad and Re. 1 a day in maidan, the malnad tracts being those specified in Article 602 of the Mysore Service Regulations, no deduction in such cases being required.

3. Orders have been issued that in the case of Foresters claiming batta, the note suggested by the Comptroller should invariably be made *viz.*, that the claimants are "not in charge of ranges and do not draw a consolidated allowance."

Report from the Conservator of Forests in Mysore on the Administration of Forests in Mysore, during the 12 months ending 30th June 1901.

No. 960-98—5165-203, DATED BANGALORE, 30TH JUNE 1902.

ORDER THEREON.—The report has been prepared in a condensed form in accordance with instructions recently issued.

2. *Paras 1 and 2.*—The area of State Forests increased by 191 square miles, while that of reserved lands decreased by 13 square miles.

3. *Paras 3 to 6.*—Settlement operations under the new rules were commenced during the year, and a special officer appointed for the purpose.

4. *Para 7.*—The demarcation work done during the year was inappreciable; so too the survey work. On these matters Mr. Pigot's remarks should receive due attention.

5. *Paras 9 and 10.*—The preparation of simple working plans and of annual plans of operation, is important and Mr. Pigot has rightly laid stress upon it.

6. *Paras 12 and 13* re *Roads and Buildings.*—Definite proposals with a forecast programme of works to be spread over the next few years will, on submission, receive due consideration.

7. *Para 15* re *Protection of Forests from Injury.*—Suitable measures should be adopted for the securing of greater efficiency in the watch and ward of forests in the Mysore District.

8. *Para 16.*—The compounding of petty forest offences should be more largely resorted to than at present.

9. *Paras 17 to 19* re *Injury to Sandal Trees.*—No change of policy *re* sandalwood is at present intended, but certain rules under the new Regulation, having for their object the award of punishments calculated to operate as a deterrent, are under contemplation.

10. *Paras 20 and 21* re *Protection from Fire.*—Government agree that the results obtained were fairly good, but that much yet remains to be done in the directions indicated by the Conservator.

11. *Para 22* re *Grazing.*—The Conservator will, in consultation with the Deputy Commissioners of Districts, issue suitable instructions to prevent the loss to Government of its legitimate revenue under this head, without however inflicting any undue hardship on the owners of cattle grazing in State Forests. The uniform and favorable rates recently sanctioned for both ordinary and nomad licenses are expected to lead to better results in the near future.

12. *Paras 26 to 29 re Artificial Reproduction.*—In spite of increased activity the results achieved were poor. The co-operation of the Revenue and Excise authorities could do much and is accordingly requested.

13. *Paras 36 to 39.*—The quantity of timber felled and removed to depot was considerably less than in the previous year, but it is noteworthy that the prices obtained were much higher. It seems desirable that fellings should be regulated by probable demand.

14. *Para 41* re *Bamboos.*—The proposed revision and reduction of rates have recently been sanctioned by Government.

15. *Paras 58 to 64.*—The financial results were on the whole satisfactory. There was a small decrease attributable chiefly to the suspension of payment for sandalwood sold to an important firm and to a large quantity of the said wood having been held over for future sale by tender or otherwise for want of proper competition at the usual auction sales.

16. *General.*—The passing of the new Forest Regulation and of certain important rules under it, the success of the Mysore students at the Dehra Dun School of Forestry, the securing of the services of Mr. Muthannah from Madras and the special interest shown in forest matters by Mr. Puttanna Chetty, Deputy Commissioner, are matters deserving of special mention. The acknowledgments of Government are due to Mr. Pigot for the efficient manner in which he continued to administer the Department during the year under retrospect.

MILITARY

Proceedings of the Government of Mysore,

No. 2441—73, DATED BANGALORE, 11TH JUNE 1902.

ORDER.—The efficient administration of the Military Department of this State and the disposal of several important questions in regard to Imperial Service Troops, having been hampered by the strained relations existing between the Military Assistant and the Chief Commandant, it has become necessary for Government to make such arrangements as will ensure the future satisfactory conduct of Military affairs.

Government in issuing the following orders would remark that all previous correspondence in regard to the relative positions of these officers has been reviewed and the present situation carefully considered.

First, as regards Correspondence.—It was ordered in January 1899 (in supersession of orders of August 1897) that the Chief Commandant should in future address the Military Assistant, who is for all practical purposes the Secretary to Government in the Military Department.

The wisdom of the amendment to the original order, permitting the Chief Commandant to address the Dewan direct, appears to be hardly open to question. The Chief Commandant urged that he did not approve of it and had as a matter of fact protested (verbally), shortly after its issue, that the instructions were not binding upon him. Government regret the necessity of having to point out that no system of Government could work satisfactorily if it were incumbent on officers only to carry out orders of which they approved, and as a soldier Lieut-Col. Desaraj Urs must know that his duty is to obey and to carry out loyally the instructions he receives.

It is not to be expected that in disposing of Military questions the Government should not avail itself to the full of the experienced advice of the Military Assistant, and a reversion to the practice of direct communication between the Chief Commandant and the Dewan would entail delay and inconvenience without any compensating advantage.

This form of correspondence, moreover, does not affect the relative positions of the Chief Commandant and the Military Assistant.

The Government therefore direct the Chief Commandant shall in future correspond with the Military Assistant alone on all subjects, as he has been for such purposes already vested with the powers of a Secretary to Government.

Secondly, as regards Promotions and Appointments.—The Chief Commandant is permitted as heretofore full discretion as to promotion to the Non-commissioned grades. He is also empowered to make proposals for appointment to, and for promotion in, the Commissioned Ranks. But final orders in cases of Commissioned Officers will be passed by Government in accordance with the practice obtaining in British India.

Thirdly, in regard to Status in Mysore.—The Military Assistant and the Chief Commandant (as has been already laid down) are, for the purposes of Mysore work, on equal status.

The duties assigned to the Military Assistant need in no way lead to a comparison as to relative seniority between him and the Chief Commandant.

The Chief Commandant must, however, clearly understand that orders issuing through the Military Assistant, who is practically the Secretary to Government in the Military Department, are the orders of Government and must be respected and obeyed accordingly.

Fourthly, with regard to Previous Correspondence.—The Government note with regret the tone adopted in the Chief Commandant's D. O. letter of the 11th October 1901, and direct the withdrawal of letter No. 1777, dated the 15th February 1902

Fifthly, with regard to the Management of the Military Stores.—Lieut.-Col. Jones has, with the approval of the Government of India, been entrusted by Government with the task of organising the Imperial Service Transport Train.

It is absolutely necessary that he should be allowed to work in the manner calculated to produce the quickest results and is therefore permitted to issue orders direct to the Superintendent until the Transport Corps is formed (when possibly fresh orders will issue). The Government consider it is only necessary that the Chief Commandant should have charge of regimental clothing and equipment.

Sixthly, with reference to Courts-Martial.—The Chief Commandant has expressed a wish that the final orders on the proceedings may issue in his name.

The present Regulations have been framed with the approval of the Government of India and must therefore, as regards confirmation of the proceedings remain unaltered. Such confirmation orders will, as heretofore, be communicated to the Chief Commandant, who will communicate them to those concerned.

By Order,

R. G. JONES, Lt.-Col.,
Military Assistant.

To—The Chief Commandant, Mysore State Troops.

MUZRAI

Proceedings of the Government of Mysore, Muzrai, dated 2nd June 1902.

No. 1949-56, DATED BANGALORE, 2ND JUNE 1902.

ORDER.—The unusually long delay on the part of some of the District Offices in the submission of the monthly Muzrai Returns to this Office, has proved detrimental to the timely compilation of the Provincial Returns. The Deputy Commissioners of Districts are therefore requested to instruct the Amildars and the Deputy Amildars in their districts, to have two copies of the monthly returns of their taluks or sub-taluks, prepared, forwarding one copy thereof to this Office *direct*, before the 20th of every month, the other copy being forwarded to the District Office as usual. The scrutiny and supervision expected of the District Officers is not intended to be relaxed by this arrangement.

2. This will facilitate the early compilation of the Provincial Returns here.

Dy. Secy., Muzrai Dept.

Government Proceedings Nos. 121-9—Muz. F. 105-92 and 1368-17—Muz. F. 105-92, dated 22nd July 1897 and 15th June 1901, respectively, directing the Deputy Commissioners of Districts and the Palace Controller, Mysore, to have the repairs of the Muzrai Institutions, sanctioned out of the State Grant, executed before the end of the official year in which the grant is made payable.

No. 2008-17—MUZ. F. 105-92, DATED BANGALORE, 7TH JUNE 1902.

ORDER THEREON.—It has been brought to the notice of Government that, in several instances, owing to unfavorable seasons or scarcity of contractors or some other unavoidable circumstances, it is not possible to have the repairs of temples etc., sanctioned from time to time completed, and the allotments assigned therefor from the State Grant, drawn within the close of the official year. The amount of the State Grant consequently lapses, and the necessity for assigning fresh funds from the next year's State Grant for *the same works*, arises.

2. In view to avoid such lapses and the consequent confusion in the accounts in future, the Government are pleased to direct that, whenever funds are sanctioned from the State Grant towards the repairs of any Institution, the whole of the sanctioned allotment should at once be credited to the funds of the Institution concerned, the cost of the repairs being eventually debited to the same on receipt of measurement bills therefor. It must, however, be distinctly understood that there should be no delay in the execution of works and that the money so liberally granted by the State, should not be allowed to be simply added on to the Surplus Fund of the Institutions and otherwise expended. The money must be strictly and promptly spent for the repairs of the Institutions concerned.

3. The Comptroller to the Government of Mysore is requested to issue necessary instructions to the Treasury Department, in the matter of crediting the assignments from the State Grant to the funds of the respective Institutions and to see that proper accounts are maintained in regard to the disposal of such assignments.

4. The amounts sanctioned up to date from the State Grant of the current official year, for the repairs of the Institutions should be dealt with accordingly.

L. ANANTASAMI RAO,
Deputy Secretary, Muzrai Dept.
